

VIOLENT BETTY BIO

Rock music with a shiny metal edge: for Violent Betty, Violence is Golden.

This Saskatoon rock band spent 2017 releasing an EP, playing 2 small tours and a festival, and drawing crowds at their local shows.

With plans for their first professional recording and first Canada-wide tour in 2018, they are going to show the world why audiences return to see them again and again.

Violent Betty always has something in the works. They have hosted the legendary Halloween on Christmas party for 3 years in a row, they orchestrated a large-scale zombie attack onstage, and had a video shoot where everyone went topless, so don't miss out!
